

Microsoft Excel

Getting Started with Excel

Learners on this Microsoft Excel – Getting Started with Excel half day course will gain an insight into the fundamental elements of Excel without having to be away from the office for a full day.

The course assumes no prior knowledge of Excel, however, people with limited exposure to the software and those who are entering data into spreadsheets created by others will also benefit from attending this course.

Course Details

Skill Level: **Beginner**

Duration: **Half Day**

Class Size: **10 students** (max)
