

Moodle Course Creator Workshop

This 1 day Moodle Course Creator workshop is developed for those who want to create and manage courses within Moodle. The topics covered will provide a deeper understanding of the features within Moodle used to create and facilitate courses.

The course assumes no prior knowledge of Moodle, however, people with limited exposure to Moodle or those who have attended the Moodle Administrator Workshop will also benefit from attending this course.

Course Details

Skill Level:	Beginner
Duration:	One Day
Time:	9:00am – 4:00pm (approx)
